Keep your device looking sharp and your table organized. The caddy holds the table tent securely while giving you built-in storage for condiments, straws, sugar packets — whatever your venue needs. Available in two finishes.

FINISH	PRICE
Black	\$20.00
Wood	\$25.00

Free logo engraving with every caddy purchase

ACCESSORY

DEVICE SECURITY MOUNT

Keep your table tents exactly where you put them. The security mount locks the device in place so it stays put during busy service — no more missing or moved devices.

ITEM	PRICE
Security Mount	\$2.50 per unit

BONUS TIP

Mount the security device to the caddy — keeps everything movable for cleaning but locked down enough to prevent theft or breakage during service.

FIVE REASONS IT PAYS FOR ITSELF

1

Always Up to Date — Zero Printing

Whatever you're posting on Facebook — a happy hour special, a live music night, a new seasonal drink — you can push it to your screens instantly from your phone. No printing, no laminating, no outdated paper signs sitting on tables for weeks.

2

Cut Your Printing Costs

Table cards, flyers, promo inserts — it adds up fast. Plugin replaces all of it with one device that you update yourself, anytime. The monthly subscription pays for itself the moment you cancel your next print order.

3

Sell More High-Ticket Items

Put a photo of your best cocktail or premium dish right in front of a customer while they're sitting at the table — and watch what happens. Studies show customers are **70% more likely to order an item when they see an image** versus reading text, and restaurants using visual menus see up to a **30% increase in sales**. Your screen does the upselling for you.

4

Grow Your Online Presence on Autopilot

Display a QR code on your screen prompting customers to follow your Facebook page or leave a Google review while they're already having a good time. Our venues are averaging **10 new five-star Google reviews per month** just from promoting on their Plugin screens. More reviews means more people finding you.

5

Bring People Through the Door — Again and Again

When a customer sees your upcoming trivia night, live band, or weekend special promoted on screen while they're already in your bar, they're coming back for it. Venues that actively promote upcoming events see regulars turn into multiple visits a week — not just once in a while.

BONUS REVENUE STREAM

Add another revenue stream on top — partner with local businesses to run ads on your screens during off-peak hours and earn additional income. Ask us how.
