WHY PLUGIN

Social media reaches the customers you want. Plugin reaches the customers you have.

They're already in your seats. Plugin puts a phone charger and a promo screen at the bar or on every table, so the guests in front of you see your specials, stay longer, and spend more.

PLUGIN

Anything you're posting on social media, you should be showing to the customers who are actually here.

- People who are hungry, thirsty and ready to order
- Entice them with pictures of your most profitable items to boost average ticket size
- Phones charging, so they stay for one more round

28

Five-star Google reviews in one month.

One of our customers got 28 five-star Google reviews in their first month on Plugin.

SETUP

Live in 4 steps.

01 Unbox your devices
Everything you need is in the box.

02 Connect to Wi-Fi
Join your venue's network in a minute.

03 Scan in your Plugins
Add each device in the PluginOS app.

04 Upload your images
Your promos go live on every screen instantly.

OPTIONAL FEATURES

Turn on what you want.

Games
Keep guests entertained at the table. Set them free, or pay-to-play for extra revenue.

Photo booth
Guests scan the QR code, take or upload a photo, pick a frame, and send it to every screen in the venue. AI screens every photo and blocks NSFW content. Free, or charge a small fee.

Google Review QR
Generate your review QR in the app and put it in front of happy guests.

Menu builder
Build an easy, good-looking menu right inside the app.

Take payments at the table.
Plugin integrates with leading POS systems, so guests can pay right from the table. Completely optional.

Shift4 · Clover · Square

THE UPSELL

It sells while you serve.

Guests point at the screen when they order.

Your high-ticket drinks, apps and specials rotate in front of every guest, so they order the items that make you the most money.

The right promo at the right time.

Schedule all your events in advance, and show promotions at specific times of day: brunch in the morning, happy hour at 4, game day specials at kickoff.

PROOF

One drink paid for the whole system.

Park Valley Lounge in Pittsburgh put a cocktail on their 10 Plugin screens and nowhere else. 34 sold in 30 days. Financing with Klarna, they netted +$118/mo from month one.

$408	$314	~3x
new revenue in one month	profit from one drink	their monthly bill, covered

THE PROBLEMS WE SOLVE

Printed table tents go stale
Plugin: update every screen from your phone in seconds.

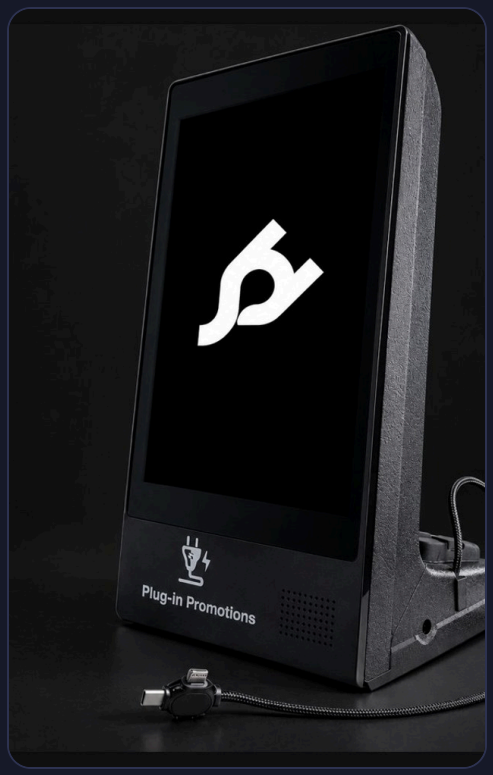

Dead phones, early exits
Plugin: phones charge at the table, so guests stay longer.

Real people, not a ticket queue.

We're a small team out of West Virginia. When you need help, you get someone who knows your account by name. Need a hand with setup? We'll hop on a call and walk you through it.

PRODUCT DETAILS

Built to last open to close.

Charges any phone
A 3-way multi-charger fits every type of phone. Cords swap out in seconds if one wears out.

Runs all night
28,000 mAh battery, 17 hours minimum on a single charge.

Swappable battery
Pop in a fresh pack in seconds. No downtime, no cords across the table.

8-inch screen
Bright enough to sell from across the table. One button: power on, sleep, reset.

Wi-Fi + PluginOS
Every screen updates the moment you upload.

Docking stations: always a fresh battery ready.

At close, pop the batteries out and charge them on the dock. No cords, no mess. The devices stay on the tables, so they're never forgotten.

5-battery dock
Charges 5 packs at once
$75

10-battery dock
Charges 10 packs at once
$150

Table Caddy
Holds the device and condiments in one clean footprint.
$20 each

Security attachment
Mounts the device to a table, the bar, or a Table Caddy.
$2.50 each
